2006 is an Exciting and Important Year for Colorado Democrats:

With Gov. Owens being termed out, Democrats are poised to continue their electoral success and continue to turn Colorado Blue in '06 by:

- 1) Defending our majority in the State Senate and State House
- 2) Returning Congresswoman DeGette, Congressman Udall and Congressman Salazar to Congress
- 3) Changing our Congressional Delegation from Red to Blue by winning the 4th, 5th and 7th Congressional Districts
- 4) Turning the offices of the Governor, Secretary of State, Attorney General, Lt. Governor, and Treasurer blue!

2006 is a critical year because Colorado Democrats have an opportunity to:

Elect/Re-elect important Federal Office(s):

All eyes will be on Colorado as we have a chance to pick up three more Congressional Seats in the 7th, 5th, and 4th Congressional Districts and re-elect Congresswoman Degette, Congressman Udall, and Congressman Salazar turning our Congressional Delegation Blue!

-We need to support the Democrats because they have been leading the way to protect social security, make healthcare affordable and adequately fund education

-The Republicans are wrong because the deficit continues to grow, gas prices are soaring and they want to leave our children and elders behind.

-We know we can do better. We need to fully invest in our seniors, families, and children so no family is left behind

Elect/Re-elect important State Offices:

Colorado will elect a Governor, Attorney General, Secretary of State and Treasurer in 2006.

- **The Democrats support healthcare, education and transportation improvements**
- **The Republicans are wrong because they protect only their special interests**
- **We know we can do better and make this a great place for all Coloradans.**

Elect/Re-elect important Legislative Offices to defend and gain on a majority

We currently have a 1 seat edge in the State Senate and a 5 seat edge in the State House. We need to defend and gain on this victory in 2006

- **The Democrats have promoted laws that ensure our health, the environment, and our education**
- **The Republicans are wrong because they have focused on special interests and not what is best for the people of Colorado.**
- **We know we can do better and will continue to deliver for the people of Colorado.**

Recent polls show...

- **Bush's approval rate has dropped to 42 % in Colorado according to Survey USA. This makes this state ripe for our candidates in 2006.**

Together, we can elect Colorado Democrats up and down the 2006 ticket if we sign-up now, work together, contribute and back our fine Democratic team.
