2006 is an Exciting and Important Year for North Dakota Democrats

Next year is critical for North Dakota. We have a chance to re-elect many important Democratic-NPL incumbents and help elect new people with visionary ideas. These Democrats will help grow and expand our great state.

It is an important year, because we have a chance to re-elect Senator Kent Conrad and Representative Earl Pomeroy. When elected, they will continue to fight for the people of North Dakota in Washington, D.C.

- **Conrad and Pomeroy continually bring home billions in federal aid. They fight for our citizens everyday.**
- **The Republicans continually try to slash programs that help our citizens. Re-electing Conrad and Pomeroy is crucial to our state.**

We as a Party can help re-elect Agriculture Commissioner Roger Johnson and take back offices in the state Capitol such as Tax Commissioner, Secretary of State and Attorney General.

- **Democrats have a long history of fighting for the rights of citizens here.**
- **Republicans have done a poor job handling workers' rights and other vital issues facing North Dakotans.**

We need to re-elect many of our great and influential state legislators from around the state. Also we need to work hard at the precinct and district levels, so that we send many of our exciting legislative Democratic candidates to the state Capitol.

- **Democrats have pushed and passed renewable energy bills as well as law for better accountability.**
- **Republicans stifle legislative efforts that are imperative for our future.**

We can elect North Dakota Democrats up and down the 2006 ticket if you sign-up now, work together, contribute and back our fine Democratic team. The political atmosphere is ripe for Democrats. We must seize the opportunity.
