Official Rules – PLEASE READ CAREFULLY

- HOW TO PLAY:**
- Circle one player from each of the eight numbered boxes.
 - Write in four (4) additional players as your Wild Card selections – using any players (other than LPGA players) who are NOT listed in any of the eight numbered boxes. These 12 players will make up your team. Please note: LPGA players and numbered players in the 8 boxes cannot be used as a wild card selection.
 - You must select a team name to call your fantasy golf team. This name will be used when the results for each week are posted. If there are multiple names submitted, the earliest entry claims that name. Contest standings, rankings will be posted online by your "team name."
 - A point will be given for every dollar your selected 12 players earn from the tournaments listed ONLY on the entry form.
 - Golfweek is not responsible for providing players' schedules or injury updates for TOUR professionals. Refer to the internet for players' schedules.
 - Official earnings are taken from the AP Data Stream – players' earnings for an event **will not be rounded up** to the next dollar.
 - Please Note: any Champions Tour player who earns prize money in any of the PGA tournaments listed on the schedule, those dollars will be included in those players' earnings for this contest.
 - Players' earnings will be limited to "Official Money Events" – any money from two-man events, skins games, etc. will not count in this contest.

- SWITCHES:**
- You are permitted to make two (2) switches to your team during the 11-week contest.
- ANY CHANGES AFTER REGISTRATION WILL BE CONSIDERED AN OFFICIAL SWITCH/CHANGE – no exceptions
 - Switches can be made by e-mail, phone or fax. A hotlink on our fantasy golf website will create a change request e-mail to the game administrator. Go to www.GolfweekGames.com/Fantasy/. Click on "To make a switch" and fill in the requested information. Be sure to include the following: your name, teamname, phone number, week number the switch is for, who is out / who is in.
 - You may call 800.823.0833 and give the switch information to the administrator over the phone or you can fax your switch request to: 409.899.2457.
 - When you switch a player from a numbered box, it must be for another player within the **SAME** box (i.e. Tiger Woods out / Vijay Singh in).
 - Substitute one wildcard player only with another wild card player (Note: a wild card selection **CANNOT** be a numbered player from the 8 numbered boxes).
 - Once a player is switched, only the dollars they earned from that point forward will be credited to your team.
 - Only e-mailed change requests will receive confirmation when a switch has been completed.

- DEADLINE TO MAKE A SWITCH:**
- Deadline to make a switch / change, is midnight, Wednesday central time zone of each week.
 - Deadline for week #1 to make a switch / change is July 16th.
 - Either call 800.823.0833, fax to 409.899.2457 or e-mail to FantasyGolf@Golfweek.com
